

THE INDIAN CONTINENTAL SHELF

Partial submission to the Commission on the Limits of the Continental Shelf, pursuant to article 76, paragraph 8 of the United Nations Convention on the Law of the Sea

PART I EXECUTIVE SUMMARY

THE INDIAN CONTINENTAL SHELF

**Partial submission to the Commission on the Limits of the Continental
Shelf, pursuant to article 76, paragraph 8 of the United Nations
Convention on the Law of the Sea**

PART I EXECUTIVE SUMMARY

IND-ES

The following Ministries, Departments and Organisations of the Government of India contributed to the various facets of the work program/in the preparation of this submission:

Ministry of Earth Sciences
Ministry of External Affairs
Ministry of Defence
Directorate General of Hydrocarbons
Geological Survey of India
National Centre for Antarctic and Ocean Research
National Geophysical Research Institute
National Hydrographic Office
National Institute of Oceanography
Oil and Natural Gas Corporation

CONTINENTAL SHELF SUBMISSION OF INDIA

I. INTRODUCTION

- [1] This Submission to the Commission on the Limits of the Continental Shelf ('the Commission') is made by India pursuant to paragraph 8 of Article 76 of the 1982 United Nations Convention on the Law of the Sea ('the Convention') in support of the establishment of the outer limits of its continental shelf that lie beyond 200 nautical miles (M) from the baselines from which the breadth of the territorial sea is measured ('the territorial sea baselines').
- [2] In accordance with article 4 of Annex II to the Convention, where a coastal state intends to establish the outer limits of its continental shelf beyond 200 M from the territorial sea baselines, it is required to submit particulars of such limits to the Commission along with supporting scientific and technical data as soon as possible, but in any case within 10 years of entry into force of the Convention for that state.
- [3] In the case of a State Party for which the Convention entered into force before 13 May 1999, it is understood in accordance with the "Decision regarding the date of commencement of the ten-year period for making submissions to the Commission on the Limits of the Continental Shelf set out in article 4 of Annex II to the United Nations Convention on the Law of the Sea" (SPLOS/72 of 29 May 2001), that the ten-year time period referred to in article 4 shall be taken to have commenced on 13 May 1999.
- [4] Since India ratified the Convention on 29 June 1995, it is obliged to submit before 13 May 2009, information on the outer limits of its continental shelf beyond 200 nautical miles from the baselines from which the breadth of the

territorial sea is measured. This partial submission in advance of the deadline thus fulfills the obligation.

- [5] UNCLOS has laid down the scientific and technical criteria for the delineation of the outer limits of the continental shelf beyond 200 M from the territorial sea baselines of a coastal state (articles 76 to 85 and Annex II of the Convention). In addition, Annex II to the Final Act of the Convention contains a Statement of Understanding ("the Statement") that is accepted by the Conference and addresses the special geographic circumstances involved in determining the outer edge of the continental margin of coastal States in the southern part of the Bay of Bengal.
- [6] Although the present submission is being made pursuant to article 76, paragraph 8 of the Convention, as a coastal state in the southern part of the Bay of Bengal and in pursuance of the provisions of paragraph 4 of the Statement of Understanding, India reserves the right to make a separate second partial submission of information and data to support the outer limits of the continental shelf in accordance with the provisions of the Statement at a later date, notwithstanding the provisions regarding the ten-year period.
- [7] With the submission of this and related documents, India intends to establish, in accordance with article 76 of the Convention, the outer limits of its continental shelf beyond 200 nautical miles from the territorial sea baselines (hereinafter called the 'extended continental shelf'), in the following regions:
 - Eastern offshore region comprising the Eastern offshore region of Mainland India in the Bay of Bengal ("Bay of Bengal sector", BOB) and the

- Western offshore region of Andaman Islands (“Western Andamans sector”, WAN); and
- Western offshore region of India in the Arabian Sea (“Arabian Sea region”, ABS)

II. MAPS AND CO-ORDINATES

- [1] Five maps at an appropriate scale are included in this Executive Summary. Figure IND-ES-1 provides an overview of the offshore regions of India referred to, in this Submission. Figures IND-ES-2 and 3 show the areas of the continental shelf in the Bay of Bengal and the Western Andamans sectors of the Eastern offshore region, while Figure IND-ES-4 is a composite map describing the outer limits of the extended continental shelf in the Eastern offshore region. Figure IND-ES-5 shows the extended continental shelf of India in the Western offshore region (Arabian Sea).
- [2] The list of the co-ordinates of the fixed points that define the outer limits of India’s continental shelf is provided as separate Annexures (Annexure 1 to 3)

III. PROVISIONS OF ARTICLE 76 INVOKED TO SUPPORT THE SUBMISSION

- [1] The outer limits contained in this Submission are based on the provisions of Article 76.4 (a)(i), 76.4 (b), 76.5 and 76.7.

**IV. COMMISSION MEMBERS WHO PROVIDED ADVICE DURING
THE PREPARATION OF THE SUBMISSION**

- [1] India was assisted in the preparation of this submission by Dr. S. Rajan, member of the Commission on the Limits of the Continental Shelf (2007-present) and by Dr. Naresh Kumar Thakur, former member (2002-07).

V. RELEVANT MARITIME DELIMITATIONS

- [1] Although India has already entered into a series of maritime boundary agreements with most of her neighbors, there are still certain outstanding maritime delimitations, as for example, between India and Pakistan, India and Oman, and between India-Bangladesh-Myanmar.
- [2] In accordance with paragraph 2(b) of Annex I to the Rules of Procedure of the CLCS, India wishes to inform the Commission that the present submission is being made without prejudice to matters relating to delimitation of boundaries with India's neighboring states.
- [3] Furthermore, according to Section 9 of India's Territorial Waters, Continental Shelf, Exclusive Economic Zone and other Maritime Zones Act, 1976:

The maritime boundaries between India and any State whose coast is opposite or adjacent to that of India in regard to their respective territorial waters, contiguous zones, continental shelves, exclusive economic zones and other maritime zones shall be as determined by agreement (whether entered into before or after the commencement of this section) between India and such State

and pending such agreement between India and any such State, and unless any other provisional arrangements are agreed to between them, the maritime boundaries between India and such State shall not extend beyond the line every point of which is equidistant from the nearest point from which the breadth of the territorial waters of India and of such State are measured”.

- [4] In pursuance of the above, the potential maritime boundaries of India with Myanmar and Sri Lanka in the Bay of Bengal, and with Oman and Pakistan in the Arabian Sea have been constructed as median lines every point of which is equidistant from the nearest point from which the breadth of the territorial waters of India and of such State are measured.

VI. REGION-BY-REGION OVERVIEW

a. EASTERN OFFSHORE REGION

- [1] In this submission, that portion of the Bay of Bengal lying between the East Coast of the Indian mainland and the west coast of the Andaman Islands is referred to as the Eastern offshore region. The extended continental shelf in this region comprises two sectors:

- The extended continental shelf of Mainland India in the Bay of Bengal (“Bay of Bengal sector”), and
- The western limit of the extended continental shelf of Andaman Islands in the Bay of Bengal (“Western Andamans sector”).

- [2] The outer limits of the extended continental shelf in the Bay of Bengal sector are defined by straight lines not exceeding 60 M in length connecting 452 fixed points. These points can be grouped as below:
- 10 points which are located on the potential maritime boundary between India and the Union of Myanmar.
 - 433 points which are located on the constraint line 350 M from the territorial sea baseline of Mainland India (article 76, paragraph 5).
 - 7 points which are located on the potential maritime boundary between India and Sri Lanka.
 - 2 points which are located on the 200 M line from the territorial sea baseline of Mainland India.
- [3] A list of co-ordinates of these fixed points is given in Appendix 1 of this Executive Summary. Figure IND-ES-02 shows the outer limits of the extended continental shelf of this sector.
- [4] The outer limits of the extended continental shelf in the Western Andamans sector are defined by straight lines not exceeding 60 M in length connecting 66 fixed points. These points can be grouped as below:
- 36 points which are located on the constraint line 350 M from the territorial sea baseline of Mainland India (article 76, paragraph 5).
 - 27 points which are located on the formula line at each of which the thickness of sedimentary rocks is at least 1 per cent of the shortest distance from such point to the foot of the continental slope (article 76, paragraph 4(a)(i)).

- 2 points which are located on the 200 M line from the territorial sea baseline of Andamans.
 - 1 point which is located on the 200 M line from the territorial sea baseline of Mainland India.
- [5] A list of co-ordinates of these fixed points is given in Appendix 2 of this Executive Summary. Figure IND-ES-03 shows the outer limits of the extended continental shelf of this sector.
- [6] The extended continental shelf of the Western Andamans sector partially overlaps with the extended continental shelf of Mainland India in the Bay of Bengal (Figure IND-ES-04).
- [7] The outer limits of the extended continental shelf in the Western offshore region (Arabian Sea) are defined by straight lines not exceeding 60 M in length connecting 220 fixed points. These points can be grouped as below:
- 19 points which are located on the potential maritime boundary between India and Pakistan.
 - 171 points which are located on the constraint line 350 M from the territorial sea baseline of Mainland India (article 76, paragraph 5).
 - 28 points which are located on the formula line at each of which the thickness of sedimentary rocks is at least 1 per cent of the shortest distance from such point to the foot of the continental slope (article 76, paragraph 4(a)(i)).
 - 2 points which are located on the 200 M line from the territorial sea baseline of Mainland India.

- [5] A list of co-ordinates of these fixed points is given in Appendix 3 of this Executive Summary. Figure IND-ES-05 shows the outer limits of the extended continental shelf of this sector.
