

Republic of Mauritius

## United Nations Convention on the Law of the Sea

### Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the Region of Rodrigues Island

## EXECUTIVE SUMMARY (REVISED)

**REPUBLIC OF MAURITIUS**

**Submission by the Republic of Mauritius to the  
Commission on the Limits of the Continental Shelf  
concerning the Extended Continental Shelf in the  
Region of Rodrigues Island**

**EXECUTIVE SUMMARY (REVISED)**

## PREFACE

**This Submission was prepared by the following Ministries and Statutory Corporations of the Government of the Republic of Mauritius:**

Prime Minister's Office, Department for Continental Shelf and Maritime Zones Administration & Exploration.  
Ministry of Foreign Affairs, Regional Integration & International Trade.  
Attorney-General's Office.

**The following acted as advisors to the Government of the Republic of Mauritius in the preparation of this submission:**

Mr. Harald Brekke, former Member of the Commission on the Limits of the Continental Shelf.

Dr. Jérôme Dyment, Director of Research, Centre National de la Recherche Scientifique (CNRS), Institut de Physique du Globe de Paris.

Professor Jan Faleide from the University of Norway.

Mr. Alexander Mikanov from the University of Norway.

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

## 1. INTRODUCTION

---

- 1.1 This revised Executive Summary replaces all the previous Executive Summaries submitted by the Republic of Mauritius in respect of its extended continental shelf in the region of Rodrigues Island.
- 1.2 This document has been prepared as part of the Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf ('the Commission') pursuant to paragraph 8 of Article 76 of the 1982 United Nations Convention on the Law of the Sea ('the Convention') in support of the establishment by the Republic of Mauritius of the outer limits of the continental shelf that lie beyond 200 nautical miles (M) from the baselines from which the breadth of the territorial sea of the Republic of Mauritius is measured (hereinafter referred to as 'the territorial sea baselines') in the region of Rodrigues Island.
- 1.3 The Republic of Mauritius consists of a group of islands in the Indian Ocean. The main Island of Mauritius is located at longitude 57° 30' east, and latitude 20° 00' south, approximately 900 km east of Madagascar and is part of the Mascarene Islands. The total land area of the Republic of Mauritius is approximately 1,950 km<sup>2</sup>. Under the *Constitution of Mauritius*, the territory of Mauritius includes:
- the main island of Mauritius;
  - the islands of *Cargados Carajos* (St Brandon Group) located some 402 km north of the main island;
  - the *Agalega* Islands located 933 km north of the main island;
  - *Tromelin* located 580 km north-west of the main island;

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

- the *Chagos Archipelago* that lies approximately 2200 km north-east of the main island; and,
  - *Rodrigues Island* located approximately 560 km east of the main island of Mauritius.
- 1.4 The Republic of Mauritius is Party to the Convention, which it signed on the day it was opened for signature on 10 December 1982, and subsequently ratified on 4 November 1994. The *Maritime Zones Act 2005*, which repealed the *Maritime Zones Act 1977*, provides that the provisions of the Convention have the force of law in the Republic of Mauritius, and establishes maritime zones in accordance with the provisions of the Convention, including provisions defining the outer limits of the continental shelf.
- 1.5 Under Article 4 of Annex II to the Convention, as supplemented by the decisions of the Eleventh (SPLOS/72) and Eighteenth (SPLOS/183) meetings of the States Parties to the Convention respectively regarding the ten-year period established by Article 4 of Annex II to the Convention, a coastal State for which the Convention entered into force before 13 May 1999 is required to submit particulars of the outer limits of the continental shelf, along with supporting scientific and technical data, to the Commission by 13 May 2009. This Submission by the Republic of Mauritius satisfies that requirement.
- 1.6 The Republic of Mauritius has, for the purposes of preparing this Submission, applied the relevant provisions of Article 76 of the Convention, together with the relevant provisions of the *Rules of Procedure of the Commission on the Limits of the Continental Shelf* (CLCS/40/Rev.1) adopted by the Commission on 17 April 2008 (hereinafter referred to as the 'Rules of Procedure') and, the recommendations contained in the *Scientific and Technical Guidelines of the*

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

*Commission on the Limits of the Continental Shelf* (CLCS/11) adopted by the Commission on 13 May 1999 (hereinafter referred to as ‘the Guidelines’).

- 1.7 This Submission is a partial submission concerning only the extended continental shelf in the region of Rodrigues Island.
- 1.8 In this regard, the Republic of Mauritius has already made a Partial Submission jointly with the Republic of Seychelles on 1 December 2008 in respect of an area of extended continental shelf in the region of the Mascarene Plateau (**SMS-ES-DOC**). The Republic of Mauritius has also made a partial submission in respect of an area of its extended continental shelf in the southern Chagos Archipelago region on 26 March 2019 and another Partial Submission in respect of its extended continental shelf in the northern Chagos Archipelago region on 12 April 2022.
- 1.9 In accordance with Annex III to the Rules of Procedure and paragraphs 9.1.3 to 9.1.6 of the Guidelines, the original submission made by the Republic of Mauritius on 6 May 2009 consisted of three separate parts comprising an Executive Summary; a core analytical and descriptive part ('the Main Body'); and, a part containing all required supporting scientific and technical data arranged in a series of annexes ('supporting scientific and technical data').
- 1.10 The Commission established a Subcommission for the consideration of the partial submission made by the Republic of Mauritius in the region of Rodrigues Island in August 2012. In the course of the consideration of its Partial Submission, Mauritius provided additional data and information to the Subcommission in July 2015 defining a revised outer limit of the Extended Continental Shelf in the region of Rodrigues Island.
- 1.11 On 25<sup>th</sup> May 2016, the Republic of Mauritius informed the Commission that it was in the process of carrying out further marine scientific research in the

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

region of Rodrigues Island and requested the Subcommission not to proceed with its examination of Partial Submission until such research had been concluded.

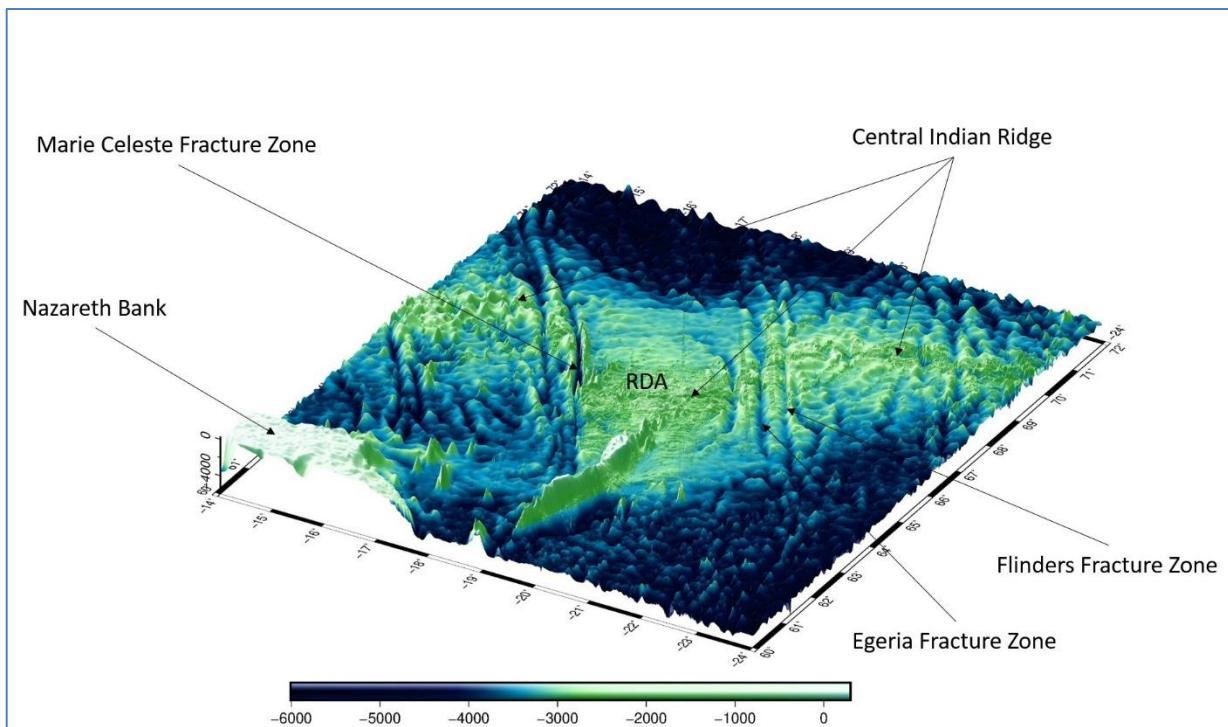

- 1.12 On 8<sup>th</sup> September 2017, the Commission informed the Republic of Mauritius that it had suspended consideration of this Partial Submission until further notice.
- 1.13 On 3<sup>rd</sup> March 2020, Mauritius made a revised submission on the basis of additional evidence and supplementary data.
- 1.14 This revised Partial Submission of Mauritius is made following consideration of the Subcommision.

## 2. OVERVIEW OF THE EXTENDED CONTINENTAL SHELF IN THE REGION OF RODRIGUES ISLAND

---

- 2.1** Rodrigues Island is a volcanic island located approximately 560 km east of the main island of Mauritius in the middle of the Indian Ocean. It has a size of around 105 km<sup>2</sup> and is surrounded by a vast lagoon with fringing coral reefs. The island has an elongated shape and is approximately 18 km by 6.5 km, rising to a maximum elevation of approximately 400 m. The volcanic island was formed between 1.3 and 1.5 million years as a result of the interaction of the Reunion hotspot and the Central Indian Ridge.
- 2.2** The Rodrigues Ridge is a linear volcanic sea floor high, approximately 450 km long, which extends continuously in an east-west trend at 19°S from the region of the Mascarene Plateau to the Central Indian Ridge (CIR) in the east. Two smaller bathymetric features, the Three Magi Ridges and Gasitao Ridge, trend further east of the Rodrigues Ridge up to the CIR. The eastern part of the Ridge, including Rodrigues Island, is embedded in an elevated seafloor feature, referred to in this Submission as the Rodrigues Depth Anomaly. The Rodrigues Depth Anomaly, is a relatively smooth elevation that rises 500 – 1000 m above the surrounding depths of around 4000 m and is delineated by the Marie Celeste Fracture Zone to the north, the Flinders Fracture Zone to the south-east and is marked by relatively steep slopes in the north-east and the south-west (**Figure 1**).

**Figure 1** Perspective topographic and bathymetric map depicting the regional setting of the Rodrigues Island region.

---

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

### **3. PROVISIONS OF ARTICLE 76 INVOKED**

---

The Republic of Mauritius invokes paragraphs 4 (a)(ii), 4 (b), 5 and 7 of Article 76 of the Convention in support of this Submission concerning the extended continental shelf in the region of Rodrigues Island.

### **4. OUTSTANDING MARITIME DELIMITATIONS**

---

The Republic of Mauritius wishes to inform the Commission that the area of extended continental shelf in this Submission is not the subject of any dispute between it and any other State(s) pursuant to paragraph 2(a) of Annex I to the Rules of Procedure.

### **5. COMMISSION MEMBERS WHO PROVIDED ADVICE ON THE SUBMISSION**

---

The Republic of Mauritius was assisted in the preparation of this revised submission by the former member of the Commission on the Limits of the Continental Shelf, Mr Harald Brekke (1997 – 2012).

## 6. OUTER LIMITS OF THE CONTINENTAL SHELF CONCERNING THE REGION OF RODRIGUES ISLAND

---

- 6.1 As provided for under paragraph 1 of Article 76 of the Convention, the Republic of Mauritius has a continental shelf comprising the seabed and subsoil of the submarine areas that extend beyond its territorial sea throughout the natural prolongation of its land territory to the outer edge of the continental margin, up to the limits provided for in paragraphs 4 to 6 of Article 76 of the Convention or, to a distance of 200 M from the territorial sea baselines where the outer edge of the continental margin does not extend up to that distance.
- 6.2 Paragraphs 4 to 6 of Article 76 of the Convention set out the manner in which a coastal State may establish the outer edge of its continental margin and its extended continental shelf, wherever that margin extends beyond 200 M measured from the territorial sea baselines.
- 6.3 As set out in paragraph 7 of Article 76 of the Convention, a coastal State is to delineate the outer limits of the extended continental shelf by straight lines not exceeding 60 M in length, connecting fixed points defined by coordinates of latitude and longitude.
- 6.4 The information included by the Republic of Mauritius in support of this revised Partial Submission established that the outer edge of the continental margin in the relevant land territory of the Republic of Mauritius in the region of Rodrigues Island extends beyond 200 M measured from the territorial sea baselines thus satisfying the test of appurtenance.
- 6.5 Section 7 of this revised Executive Summary document provides an outline of the Article 76 fixed points used to construct the outer limit line in this region.

---

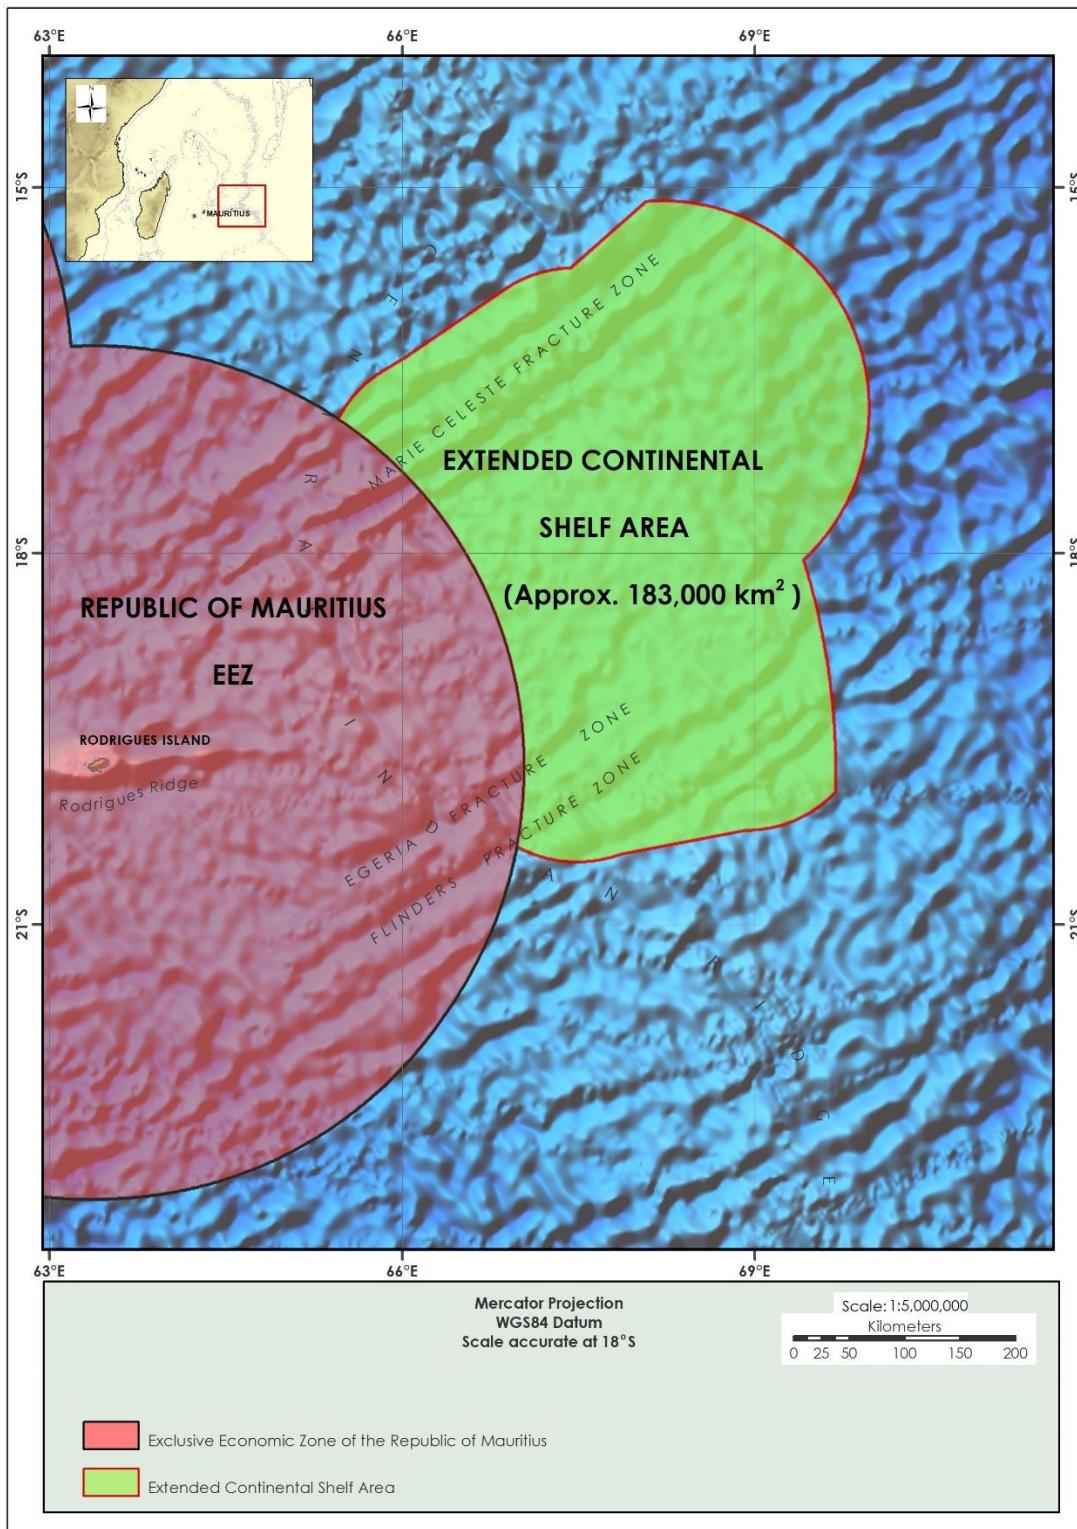

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

## 7. MAPS AND COORDINATES

---

- 7.1 Two maps at an appropriate scale are included in this revised Executive Summary as **Figure 2 (MRS-ES-MAP-1\_R2)** and **Figure 3 (MRS-ES-MAP-2\_R2)** respectively, and as separate A0-size maps. **Figure 2** depicts the outer limits of the extended continental shelf of the Republic of Mauritius in the region of Rodrigues Island. **Figure 3** depicts the outer limits of the extended continental shelf, together with the location of the Article 76 fixed points that define the outer limits.
- 7.2 Lists of coordinates of the Article 76 fixed points that define the outer limits of the extended continental shelf submitted by the Republic of Mauritius are supplied in two annexes. **MRS-ES-ANNEX 1\_R2** lists the fixed points defining the outer limits of the extended continental shelf in decimal degrees. **MRS-ES-ANNEX 2\_R2** lists the same points in degrees, minutes and seconds. The provisions of Article 76 invoked to define each fixed point, as well as the distance between adjacent points, are indicated in both annexes. Wherever there is discrepancy between the two formats of the coordinates for a particular Article 76 fixed point, the Republic of Mauritius will apply the coordinates farthest seaward from its territorial sea baselines, subject to compliance with the requirements of the relevant provisions of Article 76 of the Convention.

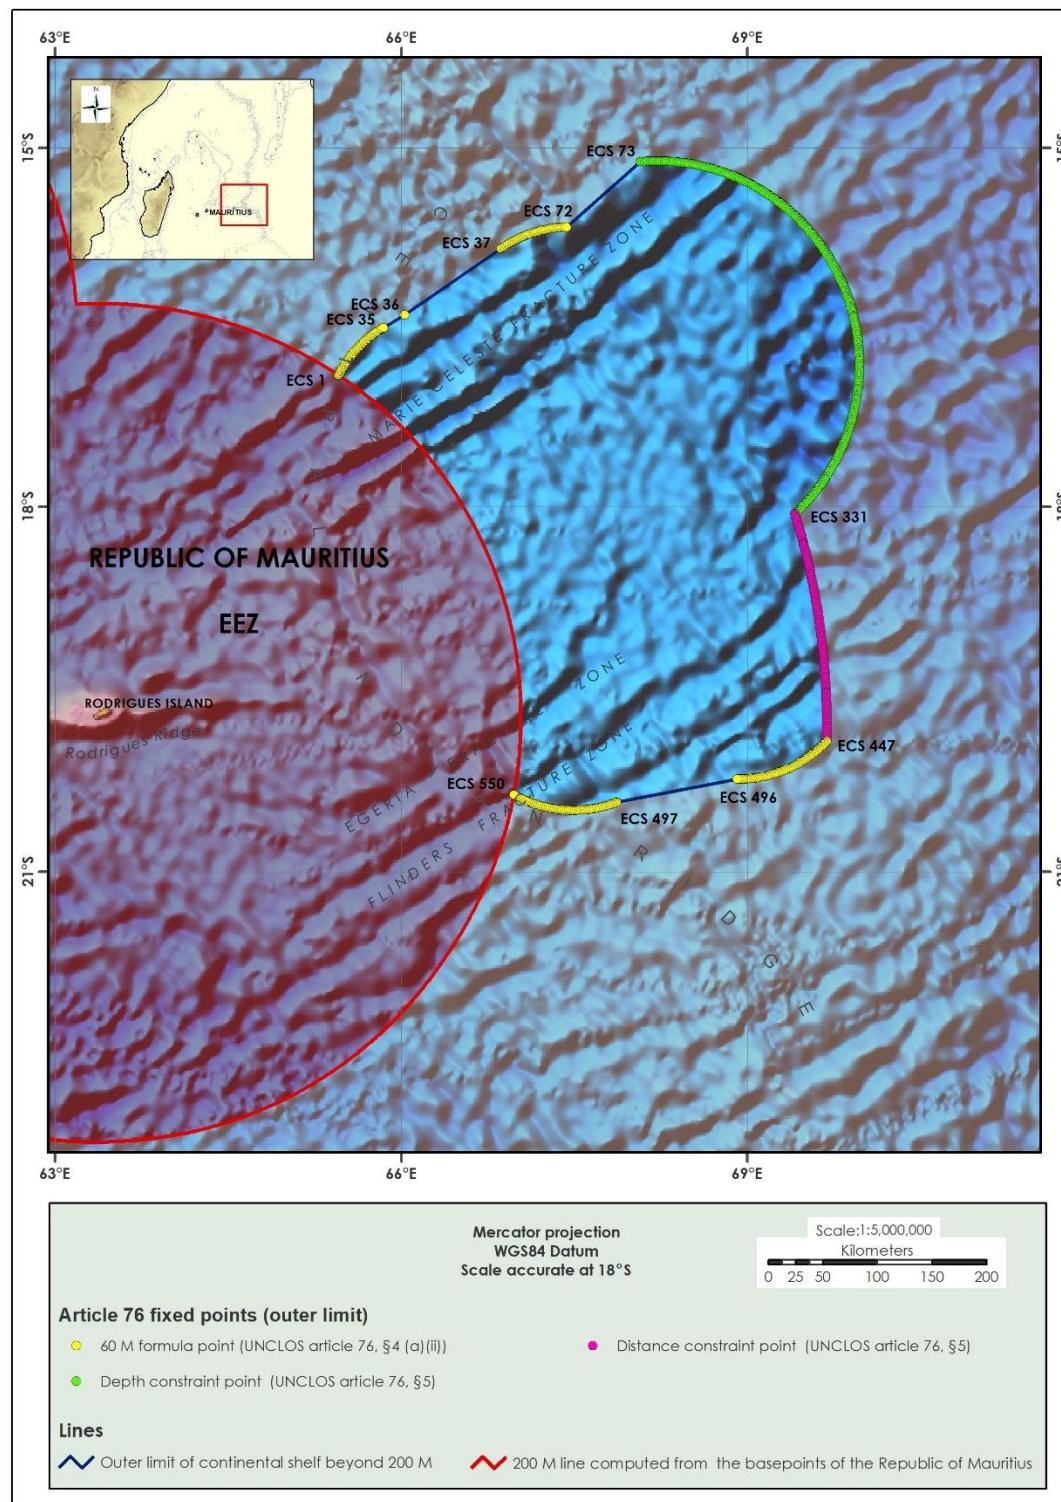

**Figure 2 Map depicting the outer limits of the extended continental shelf of the Republic of Mauritius in the region of Rodrigues Island**

**MRS-ES-MAP-1\_R2**

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

- 7.3 The outer limits of the extended continental shelf in the region of Rodrigues Island enclose an area of approximately **183,000** square kilometres extending beyond 200 M from the territorial sea baselines of the Republic of Mauritius and are defined by an outer limit line composed of **550** fixed points, of which:
- **174** points are defined by arcs 60 M from the foot of the slope (Article 76, paragraph 4(a)(ii) of the Convention);
  - **116** points are defined by the 350 M constraint line (Distance Constraint) from the territorial sea baseline of the Republic of Mauritius (Article 76, paragraph 5 of the Convention);
  - **258** points are defined by the 2500 m plus 100 M depth constraint line (Depth Constraint) from the 2500 m depth point (Article 76, paragraph 5 of the Convention);
  - **2** points (**ECS 1** and **ECS 550**), where the outer limit line of the extended continental shelf commences and terminates respectively at points located along the 200 M from the territorial sea baselines of the Republic of Mauritius in the region of Rodrigues Island.

**Figure 3** Map depicting the outer limits of the extended continental shelf of the Republic of Mauritius in the region of Rodrigues Island displaying the provisions of Article 76 invoked.

MRS-ES-MAP-2\_R2

Submission by the Republic of Mauritius to the Commission on the Limits of the Continental Shelf concerning the Extended Continental Shelf in the region of Rodrigues Island

- 7.4 Each successive pair of fixed points defining the outer limits of the extended continental shelf is connected by geodesics not exceeding 60 M in length, drawn in accordance with paragraph 7 of Article 76 of the Convention.
- 7.5 The list of Article 76 fixed points delineating the outer limits of the extended continental shelf in the region of Rodrigues Island is supplied in annexes **MRS-ES-ANNEX 1\_R2** and **MRS-ES-ANNEX 2\_R2** to this revised Executive Summary.

## 8. NOTE OF AUTHENTICATION

---

All maps, figures, charts and databases forming part of this Partial Submission have been prepared by the Department for Continental Shelf and Maritime Zones Administration & Exploration of the Prime Minister's Office which has also been entrusted by the Government of the Republic of Mauritius with the responsibility for certifying their quality and reliability.

## 9. ANNEXES

### MRS-ES-ANNEX 1\_R2
