## NOTE

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the United Nations concerning the legal status of any country, territory, city or area, or its authorities, or the delimitation of its frontiers or boundaries.

The texts of treaties and national legislation contained in the *Bulletin* are reproduced as submitted to the Secretariat.

Publication in the *Bulletin* of information concerning developments relating to the law of the sea emanating from actions and decisions taken by States does not imply recognition by the United Nations of the validity of the actions and decisions in question.

Registration under Article 102 of the Charter of the United Nations of an instrument, such as a maritime boundary delimitation agreement, submitted by a Member State does not imply a judgement by the Secretariat on the nature of the instrument, the status of a party, or any similar question. It is the understanding of the Secretariat that its action does not confer on the instrument the status of a treaty or an international agreement if it does not already have that status and does not confer on a party a status which it would not otherwise have.
