

Agreement

between

the Government of the Cook Islands

and

the Government of New Zealand

concerning

the Delimitation of the Maritime Boundaries between

the Cook Islands

and

Tokelau

The Government of the Cook Islands and the Government of New Zealand,

Desirous of strengthening the bonds of neighbourliness and friendship between the Cook Islands and Tokelau,

Recognising the need to effect a precise and equitable delimitation of the maritime boundaries between the Cook Islands and Tokelau,

Recalling the rules and principles of relevant international law, as reflected in the United Nations Convention on the Law of the Sea of 10 December 1982,

Have agreed as follows,

Article 1

The boundary between the maritime areas of the Cook Islands and Tokelau is a line of equidistance, determined by using the nearest baselines from which, in each case, the territorial sea is measured.

Article 2

2.1 The boundary between the maritime areas of the Cook Islands and Tokelau is the line formed by the geodesics joining the following geographical co-ordinates;

	Latitude (South)	Longitude (West)
1.	8° 15' 10"	168° 00' 10"
2.	8° 51' 50"	168° 10' 58"
3.	9° 48' 51"	168° 27' 52"
4.	10° 01' 26"	168° 31' 25"

2.2 The geographical co-ordinates referred to in paragraph 1 are based on the World Geodetic System (WGS 84) with the exception of the fourth point which is based on the World Geodetic System (WGS 72). The fourth point is a tripoint with the Cook Islands – United States of America

(American Samoa) Treaty 1980 and the New Zealand (Tokelau) – United States of America (American Samoa) Treaty 1980 and in those treaties is based on the World Geodetic System (WGS 72). The equivalent statement of the tripoint in the World Geodetic System (WGS 84) is Latitude 10°01'25.858"S, Longitude 168°31'24.446"W.

2.3 This line is depicted for illustrative purposes on the chart annexed to this Agreement.

Article 3

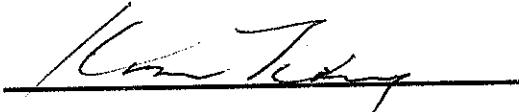

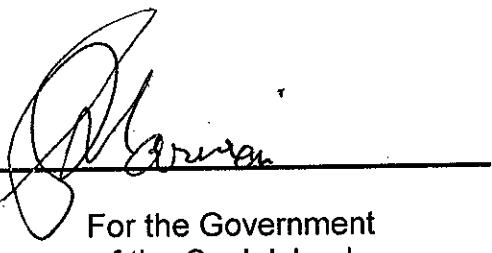

If it becomes necessary to extend the line of delimitation referred to in Article 2 for the purpose of further delimiting areas of the continental shelf adjacent to the Cook Islands and Tokelau which are beyond both their respective exclusive economic zones, that line shall be extended by agreement in accordance with international law.

Article 4

Each Party shall notify the other in writing of the completion of the constitutional procedures required for the entry into force of this Agreement. The Agreement shall enter into force on the date of receipt of the later of these notifications.

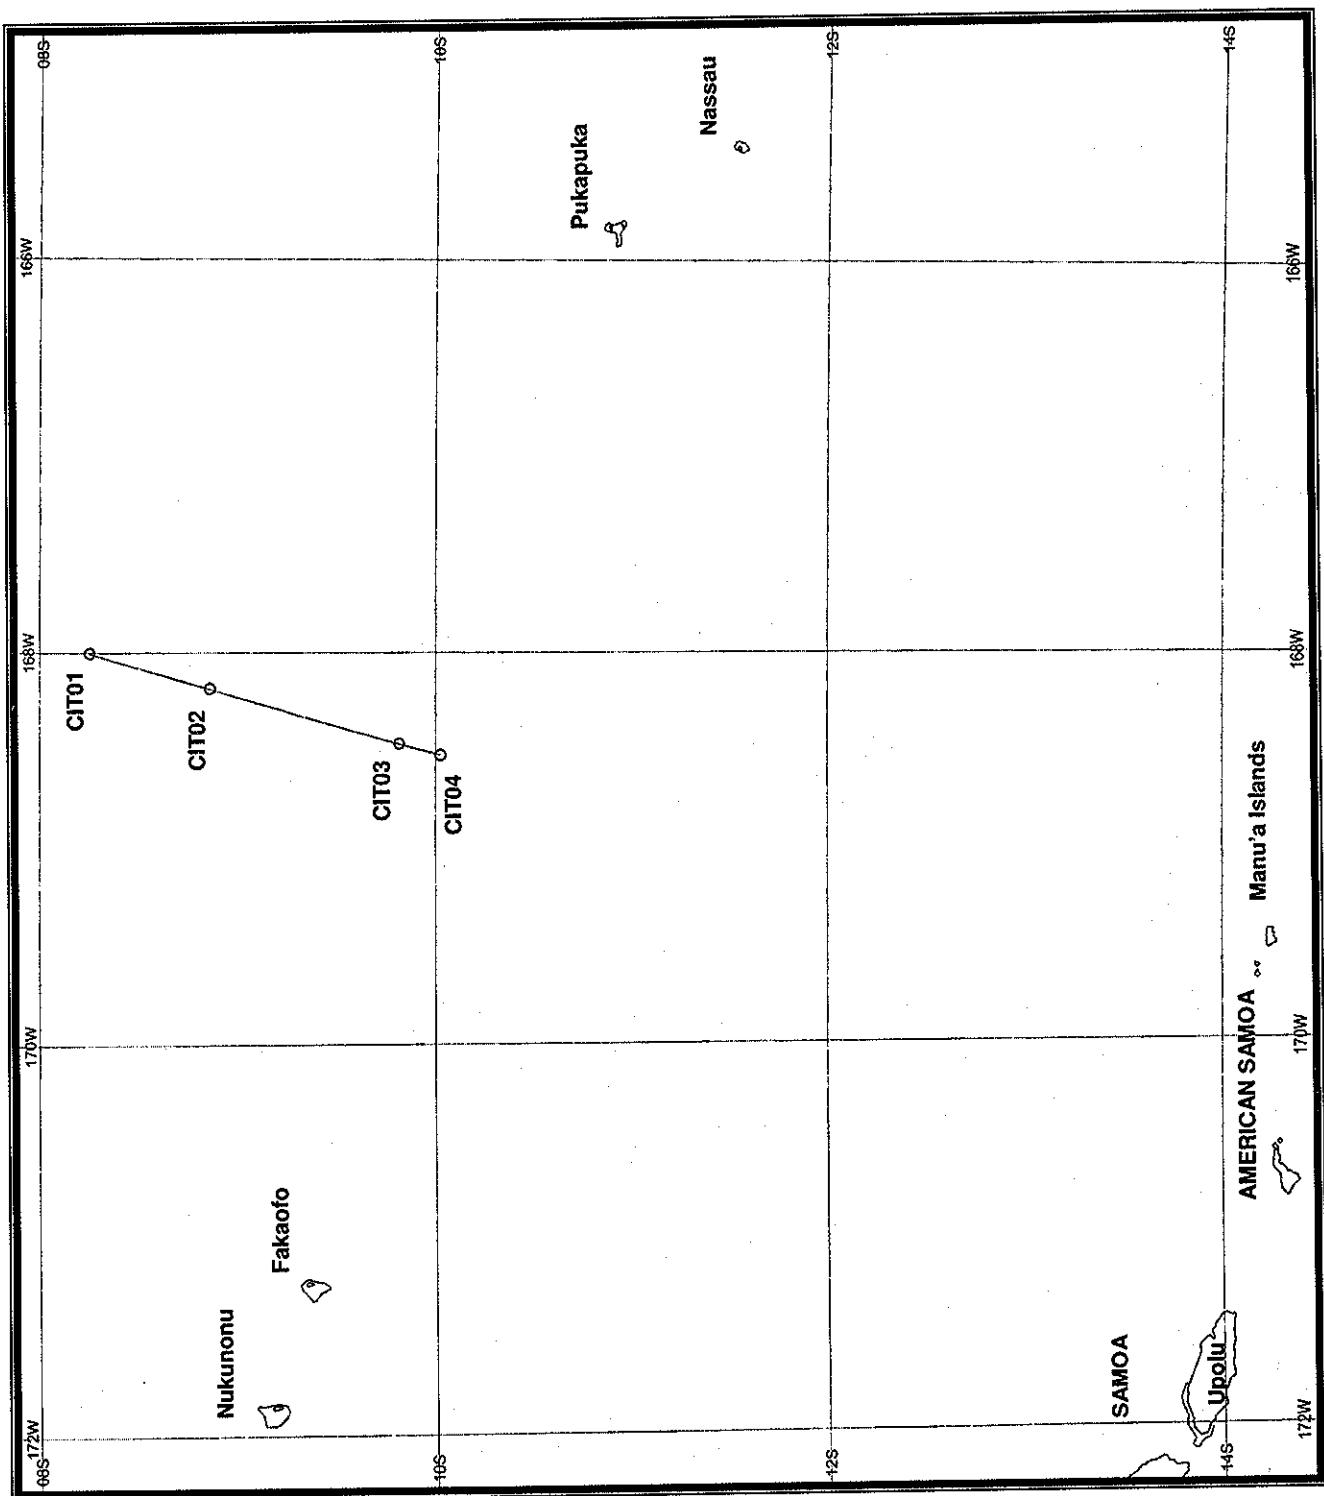

In witness thereof, the representatives of the two Governments, being duly authorised for this purpose, have signed this Agreement.
