*The meeting was called to order at 5.05 p.m.*

**Consideration and adoption of Final Document**

1. **The President** said that some parts of the work of the Conference, in particular the report of Main Committee II and regional issues, such as the establishment of a Middle East zone free of nuclear weapons and all other weapons of mass destruction, remained to be completed. She was therefore not yet in a position to present the Final Document of the Review Conference for consideration.

2. **Mr. Ulyanov** (Russian Federation) said that, in the absence of a better solution, his delegation would circulate an updated version of the document on the Middle East that had been submitted to delegations. The new version would contain a number of changes, including a full list of countries relating to the Middle East and a call for a strengthened role for the three sponsors responsible for the implementation of the 1995 resolution on the establishment of a nuclear-weapon-free zone in the region of the Middle East. The Review Conference should ensure that the conference on the Middle East was held according to a strict timetable. Past delays should not be repeated.

*The meeting was adjourned at 5.15 p.m.*
