Second substantive session  
Item 2 of the provisional agenda

**ORGANIZATION OF WORK**

**Accreditation of non-governmental organizations  
to the Durban Review process**

**Note by the Secretariat**

**Addendum**

1. At its first substantive session, the Preparatory Committee, in its decision PC.2/2, declared that 33 non-governmental organizations that were not in consultative status with the Economic and Social Council but that had participated in the World Conference against Racism in 2001, having failed to provide the required information demonstrating their compliance with Council resolution 1996/31, would not be invited to participate in the first substantive session of the Preparatory Committee for the Durban Review Conference.
2. On 7 October 2008, the Secretariat received further information from one of the above-mentioned non-governmental organizations, the Tibetan Centre for Human Rights and Democracy, which was forwarded to Member States on the same day. Governments have 14 days to review the information.
