

UNITED NATIONS

NATIONS UNIES

Agenda Item 138
Scale of assessments for the apportionment of the expenses of the United Nations
Multi-year payment plans (A/71/73)

FIFTH COMMITTEE

Statement by
Lionel Berridge
Chief, Contributions and Policy Coordination Service

29 September 2016

Madam Chair,

1. I would like to first congratulate you, and the Bureau, on your election. I have the honour to introduce the report of the Secretary General on multi-year payment plans, as contained in Document A/71/73. This is the fourteenth annual report on the status of multi-year payment plans.
2. Over the years since the introduction of the system, six Member States have successfully implemented multi-year payment plans, enabling them to pay in full their assessed contributions. We are grateful for their commitment to meeting their financial obligations to the United Nations. The system gives due consideration to the economic position of Member States, and remains voluntary in nature. While encouraged, payments plans are not necessarily required if a Member State in arrears wishes to request restoration of voting rights under Article 19.
3. The remaining plan in the report before the Committee was submitted by Sao Tome and Principe in 2002. The report contains the status of its implementation as at 31 December 2015. In addition, I would like to inform the Committee that this month a payment of \$50,400 was received from Sao Tome and Principe.
4. No new payment plans have been submitted in recent years, although several Member States have indicated that the matter was under consideration.
5. The Committee may wish to take note of the report of the Secretary-General.

Madam Chair, Distinguished Delegates, I look forward to the discussions on this item.
