

Republic of Korea

My delegation would like to add voice to what other delegations previously mentioned.

It is concerning that the UN common system has been undermined since the ILOAT decision last July.

My delegation firmly believes that the UN common system needs to be restored as soon as possible.

In this regard, our discussion on this issue at this session is critically important.

I hope we will be able to take appropriate and timely action to restore the UN common system through this session in the spirit of cooperation as it is in common interest of all members of the 5th committee as well as the UN system.

Thank you.
