The International Committee of the Red Cross Delegation to the United Nations invites you to attend a briefing on

"The international humanitarian law-related issues of the 32nd International Conference of the Red Cross and Red Crescent Movement"

Briefing by

Dr. Knut Dörmann, Chief Legal Officer and Head of the Legal Division, ICRC

With welcome address by

Dr. Philip Spoerri, Permanent Observer and Head of Delegation, ICRC Delegation to the United Nations

On 8-10 December 2015, representatives of nearly every government in the world, the Red Cross and Red Crescent Movement and partner organizations will gather in Geneva for the 32nd International Conference of the Red Cross and Red Crescent. The Conference, which meets every four years, is the premier global forum to enhance and inspire humanitarian debates. It is where States, as parties to the Geneva Conventions and partners in humanitarian action, undertake joint commitments with the Movement.

Underpinning our ambition for a more open and inclusive 32nd International Conference, the ICRC has organized this open briefing within the framework of the 26th Legal Advisers' Meeting. The purpose of the briefing is to provide Permanent Representatives and Deputy Permanent Representatives, legal advisers (NY and capital), 6th Committee delegates, humanitarian affairs experts, and any other interested representatives, with an overview of several international humanitarian law-related issues that will be addressed during the International Conference.
