Thank you, Mr. Chair,

I would like to thank you for giving me the floor to convey Jordan's comments regarding the ILC recommendations. Jordan would like to emphasize the importance of adoption of a convention on protection of persons in the event of disasters. This could represent a major contribution to the development and codification of international law.

Therefore, Jordan supports the recommendation of the ILC to convene an international conference of plenipotentiaries based on the draft articles.

We stand ready to work with everyone in an inclusive and transparent manner towards ensuring meaningful progress in this regard.

I thank you.
