Introduction

1. On 30 June 2021, the Applicant, a Supply Officer, at P-3 level, working with the United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (“MINUSCA”) in Bangui, Central African Republic, filed an application contesting what she terms as a continued improper stripping of her managerial and other substantive duties.¹

2. On 2 August 2021, the Respondent filed a reply where it was argued that the contested decision is legal and rational and that the Secretary-General properly exercised his discretion to organize the work of the General Supply Unit in the interest of the Organization.

3. In view of the submissions by the parties, the Tribunal has decided to hold a case management discussion (“CMD”). The purpose of the CMD is to:

- a. discuss and identify the claims and issues in the case;
- b. discuss any possibility for an amicable resolution of the case;
- c. order, as appropriate, the arrangements for a hearing on the merits of the case, including the identification of relevant witnesses; and
- d. generally deal with any other matter relating to the consideration and determination of this application.
