

**Statement by Ambassador José Javier De La Gasca, Chair of the
Committee established pursuant to resolution 1540 (2004)**

Indonesia 1540 National Awareness Raising Workshop

Bali, 11-12 July 2024

Excellencies, distinguished participants, ladies and gentlemen,

I would like to start by expressing, on behalf of Members of the 1540 Committee, our willingness to the Government of the Republic of Indonesia for its invitation of the Committee to participate in this national event.

As you are aware, resolution 1540 (2004) aims to prevent non-state actors from developing, acquiring, manufacturing, possessing, transporting, transferring or using nuclear, chemical or biological weapons and their means of delivery.

Since its adoption, 20 years ago, resolution 1540 (2004) remains a vital component of the global non-proliferation architecture.

It is important to recall that resolution 1540 (2004) affirms that none of the obligations under this resolution shall be interpreted so as to conflict with or alter the rights and obligations of State Parties to the Nuclear Non-Proliferation Treaty, the Chemical Weapons Convention and the Biological and Toxin Weapons Convention or alter the responsibilities of the International Atomic Energy Agency or the Organization for the Prohibition of Chemical Weapons. This was reaffirmed in the most recent resolution 2663, adopted on 30 November 2022.

During the course of this national Workshop, you will learn about the obligations under the resolution, the status of implementation, as well as the various tools available to support national implementation, including the 1540 Committee's assistance mechanism. I am sure that all the programmed activities will be of great relevance to feed the discussions during these days of work.

The presence of so many national stakeholders, all of whom have a role to play in the implementation of resolution 1540, is encouraging. We look forward to your active participation in discussions over the next two days.

Allow me to also acknowledge and warmly welcome the participation of international and regional organizations, who will contribute to the Workshop and are able to offer various forms of assistance and support in the implementation of resolution 1540. The participation of neighboring States also constitutes a valuable contribution to the success of this workshop.

To conclude, let me congratulate the Government of the Republic of Indonesia on its commitment and the steps it has already taken and plan to take towards the full and effective implementation of resolution 1540, thereby contributing to achieving the objectives of the resolution to prevent non-state actors proliferation and contributing to international peace and security.

I wish you a fruitful workshop.

Thank you for your attention.
