

PERMANENT MISSION OF SLOVENIA TO THE UNITED NATIONS

N 044/26

The Permanent Mission of the Republic of Slovenia to the United Nations presents its compliments to the Security Council Committee established pursuant to resolution 1540 (2004) and has the honour to refer to the Committee's note verbale reference DPPA/SCAD/SCA/5/25 (04) dated 10 December 2025.

In this regard, the Permanent Mission has the honour to transmit the updated national matrix on the Republic of Slovenia's implementation of the resolution 1540 (2004).

The Permanent Mission of the Republic of Slovenia to the United Nations avails itself of this opportunity to renew to the Security Council Committee established pursuant to resolution 1540 (2004) the assurances of its highest consideration.

New York, 13 May 2026

**SC – 1540 COMMITTEE
NEW YORK**

DRAFT 1540 COMMITTEE MATRIX

The information in the matrices originates primarily from national reports and is complemented by official government information, including that made available to inter-governmental organizations. The matrices are prepared under the direction of the 1540 Committee.

The 1540 Committee intends to use the matrices as a reference tool for facilitating technical assistance and to enable the Committee to continue to enhance its dialogue with States on their implementation of Security Council Resolution 1540.

The matrices are not a tool for measuring compliance of States in their non-proliferation obligations but for facilitating the implementation of Security Council Resolutions 1540 (2004), 1673 (2006), 1810 (2008), 1977 (2011), 2055 (2012) and 2325 (2016). They do not reflect or prejudice any ongoing discussions outside of the Committee, in the Security Council or any of its organs, of a State's compliance with its non-proliferation or any other obligations. Information on voluntary commitments is for reporting purpose only and does not constitute in any way a legal obligation arising from resolution 1540 or its successive resolutions.

Matrix entries are only indicators of fact and not indicators of the degree of compliance under resolution 1540 (2004) and its successor resolutions. Thus:

An “X” in any data field signifies only that the 1540 Committee considers that a State has taken the steps required, and/or has provided specific references to the applicable legal basis or executive behaviour as evidence of such steps. An “X” against any data field does not necessarily signify that a State has met in full its 1540 obligations for that data field.

A “?” in any data field signifies that the references to legislative or other measures may not be directly relevant or are incomplete.

A “NA” (Not Applicable) in any data field signifies that the data field is not applicable to that State where through legally binding instruments States specified that they do not possess related materials or facilities.

A blank in any data field signifies that there is insufficient information available to enter an “X” or “?” against a particular data field.

State: Republic of Slovenia

Date of Report: 28 October 2004

Dates of Additional Reports: 8 November 2005

18 July 2012

13 October 2016

Last Revised: [Date of publication of final approved matrix on the Committee website]

I. OP 1 and related matters from OP 5, OP 8 (a), (b), (c) and OP10

Adherence to legally binding instruments, membership of organisations, participation in arrangements and statements made.		Relevant information (i.e. signing, deposit of instrument of accession, ratification, etc)	Remarks (information refers to the page of the English version of the national report or an official web site)
1	Nuclear Non-Proliferation Treaty (NPT)	Deposit 7 April 1992 (Notification of succession)	
2	Nuclear Weapons Free Zone/ Protocol(s)		
3	International Convention for the Suppression of Acts of Nuclear Terrorism	Deposit 17 December 2009	
4	Convention on Physical Protection of Nuclear Material (CPPNM)	Deposit 7 July 1992 (Notification of succession)	
5	2005 Amendment to the CPPNM	Deposit 1 September 2009

IV. OP 3 (a) and (b) - Account for/Secure/Physically protect NW including Related Materials (NW specific)

Measures to establish domestic controls to prevent the proliferation of NW, and their means of delivery; controls over related materials		Source document	Remarks
1	National regulatory authority	The Slovenian Nuclear Safety Administration (SNSA) is competent authority in the field of nuclear and radiation safety and peaceful use of nuclear energy. Its scope of competence includes carrying out administrative and professional tasks and regulating of nuclear and radiological safety of nuclear facilities, shipment, transport and handling of nuclear and radioactive materials, accountability and control of nuclear materials, nuclear security ("physical protection" is primarily in the domain of the Ministry of Interior) Ionising Radiation Protection and Nuclear Safety Act The Ministry of Health – Slovenian Radiation Protection Administration (for medical or veterinary practices)	
2	Licensing of nuclear installations/entities/ use of materials	Directive 2013/59 EURATOM: prior authorization Ionising Radiation Protection and Nuclear Safety Act Expert council on issues relating to radiation and nuclear safety, the protection of nuclear goods, the radioactivity in the environment, radiation protection of the environment, protective measures, mitigation of the consequences of emergency situations, and the use of radiation sources (other than those used in health and veterinary care)	
3	IAEA Safeguards Agreements	Safeguards Agreement between the States, the EURATOM and IAEA in connection with the NPT (INFCIRC/193) Additional Protocol to the Safeguards Agreement (INFCIRC/193/Add.8)	
4	IAEA Code of Conduct on Safety and Security of Radioactive Sources	Notification pursuant to GC(47)/RES/7.B Rules on the transboundary shipment of nuclear and radioactive substances of 2008, as amended, Article 5	Rules on the transboundary shipment of nuclear and radioactive substances: https://pisrs.si/pr egledPredpisa?id =PRAV9307

5	Supplementary Guidance on the Import and Export of Radioactive Sources of the Code of Conduct on the Safety and Security of Radioactive Sources	Notification pursuant to GC(48)/RES/10.D	
6	IAEA Incident and Trafficking Database	Slovenia participates in ITDB (since October 1995).	
7	Integrated Nuclear Security Support Plan (INSSP) / International Physical Protection Advisory Service (IPPAS)	Two IPPAS missions took place in Slovenia (1996, 2010). The IPPAS missions are addressed in the Resolution on Nuclear and Radiation Safety in the Republic of Slovenia (for the period 2024-2033) to review domestic measures in the area of the physical protection of nuclear facilities and activities.	Resolution on Nuclear and Radiation Safety in the Republic of Slovenia: https://pisrs.si/pragledPredpisa?id=RESO147
8	Applying the physical protection recommendations in INFCIRC/225/Rev.5	Mainly through: • The Ionising Radiation Protection and Nuclear Safety Act • Rules on Physical Protection of Nuclear Facilities, Nuclear and Radioactive Materials, and Transport of Nuclear Material (the Rules on Physical Protection of Nuclear Facilities, Nuclear and Radioactive Materials, and Transport of Nuclear Material have introduced a number of requirements from the fundamental principles of physical protection, referred to in INFCIRC/225/Rev.5, to the Slovenian legal order)	
9	Other Agreements related to IAEA	Agreement on the Privileges and Immunities of the IAEA (1992) Convention on the Early Notification of a Nuclear Accident (1992) Convention on assistance in the Case of a Nuclear Accident or Radiological Emergency (1992) Convention on Nuclear Safety (1996) Joint Convention on the Safety of Spent Fuel Management and on the Safety of Radioactive Waste Management (1999)	
10	National legislation and regulations related to nuclear material including CPPNM	CPPNM (and its Amendment) ratified through the dedicated act in 2009. Slovenia has submitted two reports under Article 14 to the IAEA (most recent one in 2025). See also Point 8, listed above.
