## **Ch. 6 2012 AGF Study on Forest Financing**

Presentation by  
Mr. Hossein Moeini-Meybodi  
Senior Forest Policy Officer  
AHEG2  
14 January 2013,  
Vienna- Austria

# 2012 AGF Study/Ch.6 highlights

- Significant progress made to enhance contribution of forests to long-term sustainable development
- wider understanding of SFM, and agreement on the forest instrument
- Forests integrated in several multilateral environmental agreements
- Mobilizing resources at all levels for forests needs:
  - Enabling environment and recognition of full range of forest goods and services
  - Integrated framework for action (e.g. national forest financing strategies)
  - Inter and intra-regional cooperation

# 2012 AGF Study/Ch.6 highlights

- Implementation of forest instrument is key
- All opportunities to enforce implementation should be utilized (GEF replenishment, setting marker for financing the instrument...)
- Strengthen mechanisms for data collection at all levels
- Magnitude of the problem requires to use all opportunities and options at all levels
- Strengthening existing mechanisms and allocating fund or funds to address SFM gaps
