**WHO OWNS THE  
WORLD'S LAND?**

A global baseline of  
formally recognized  
indigenous and  
community land rights

Rights and Resources Initiative  
September 2015

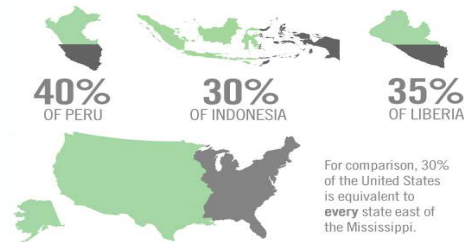

- ## Insecure land tenure
- 65% world's land under community tenure
  - 18% legally recognised
  - No formal avenue to obtain rights in 1/2 countries
  - Effective reductions in forest loss & forest restoration hinge on secure tenure

When the land assigned for economic development is inhabited —and it almost always is— conflict often erupts

Some governments have handed vast amounts of land to private industry:

## Costs of conflict

- Land, extractives, illegal logging
- \$20m/week to extractive companies
- Inception, operation
- Delay, withdrawal
- Voided risk insurance
- Reputation
- Violence
