Vision- *The world in which all types of forests and trees outside forests are sustainably managed, contribute to sustainable development and provide economic, social, environmental and cultural benefits for present and future generations*

Mission- *Promote SFM and the contribution of forests and trees outside forests to the 2030 Agenda, including by strengthening cooperation, coordination, coherence, synergies and political commitment and action at all levels*

Key Features of the UNSPF 2017-2030

- The UNSPF provides a reference for forest-related work within the UN system and among partners
- Key features include:
 - A shared global vision and mission for forests
 - 6 Global Forest Goals and 26 targets
 - Voluntary national contributions (VNCs)
 - UN system-wide contributions to the implementation of the Strategic Plan

Global Forest Goals (1-3)

- **Global Forest Goal 1**

Reverse the loss of forest cover worldwide through sustainable forest management, including protection, restoration, afforestation and reforestation, and increase efforts to prevent forest degradation and contribute to the global effort of addressing climate change .

- **Global Forest Goal 2**

Enhance forest-based economic, social and environmental benefits, including by improving the livelihoods of forest-dependent people

- **Global Forest Goal 3**

Increase significantly the area of protected forests worldwide and other areas of sustainably managed forests, as well as the proportion of forest products from sustainably managed forests

Global Forest Goals (4-6)

- **Global Forest Goal 4**

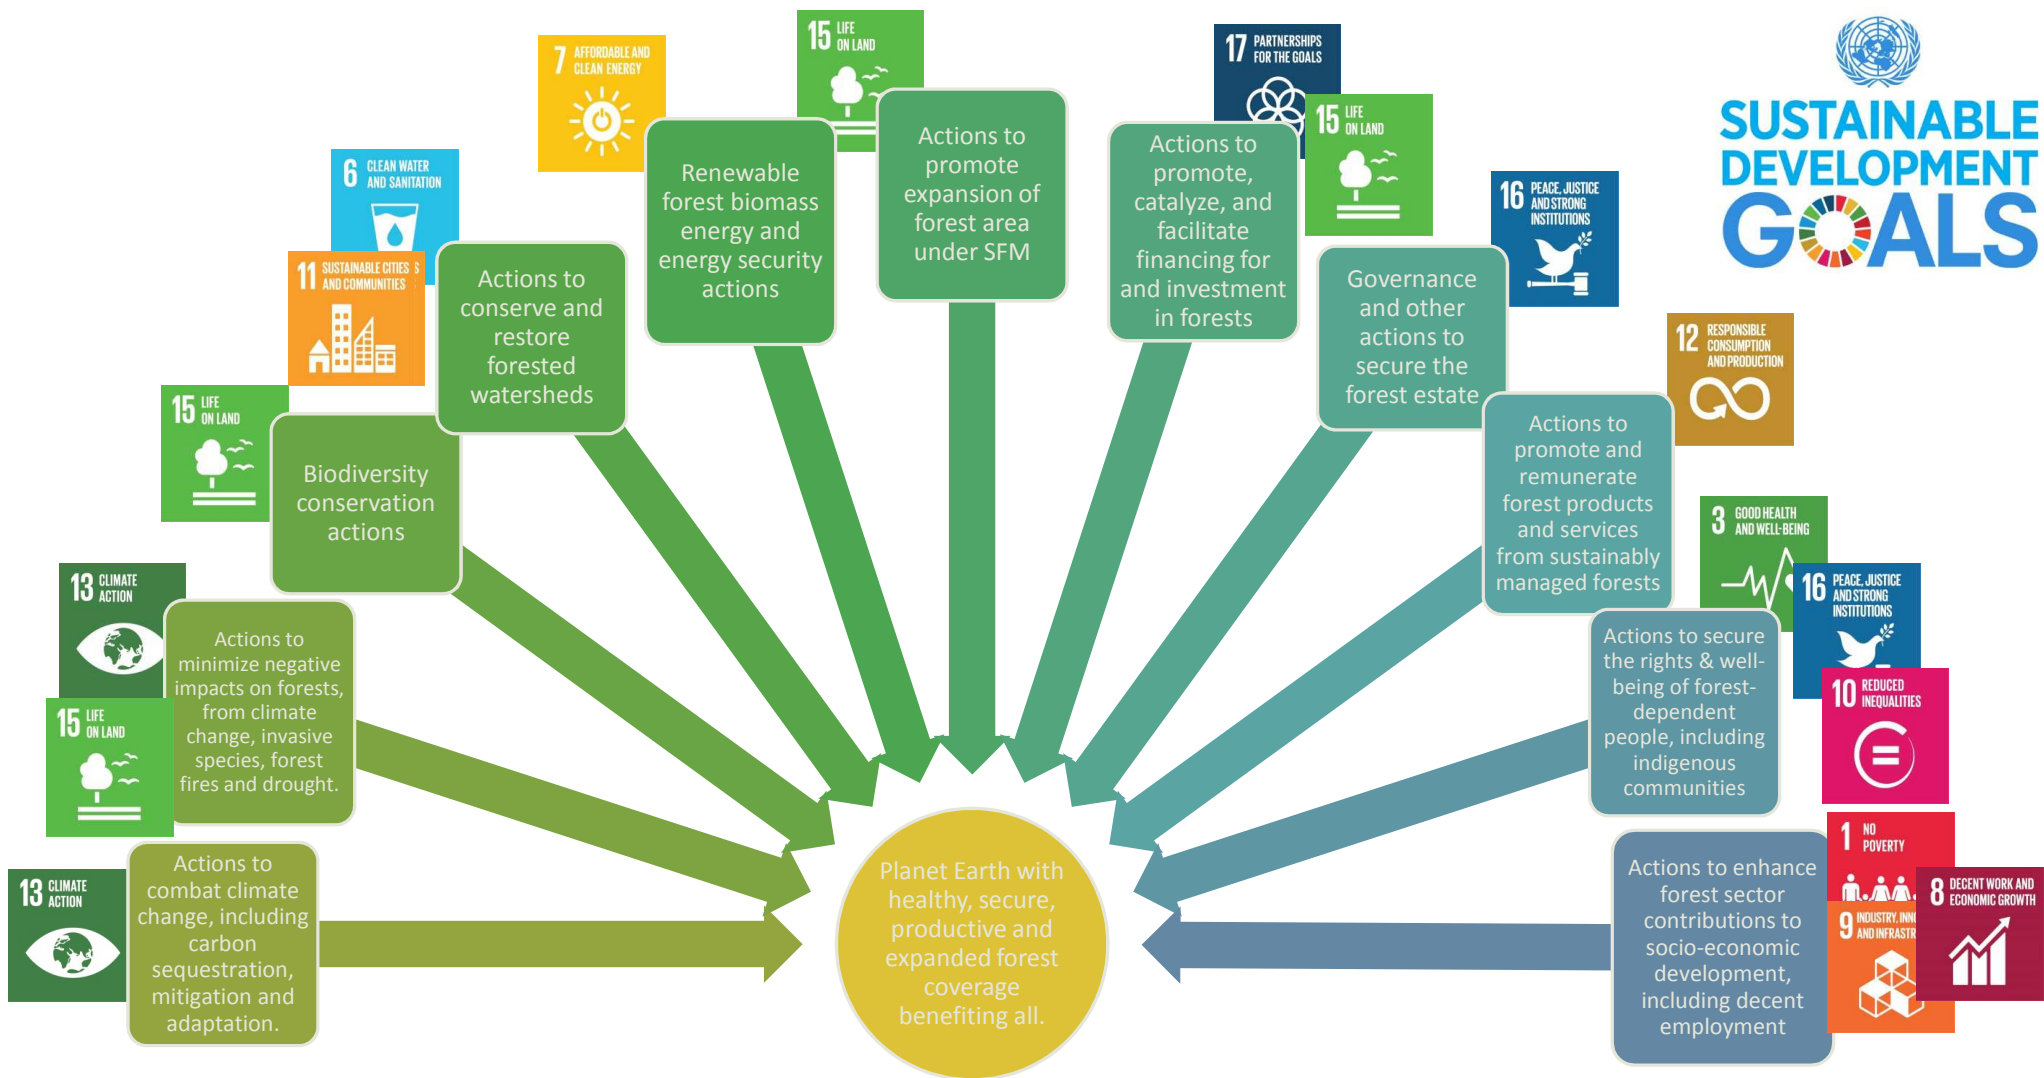

Mobilize significantly increased, new and additional financial resources from all sources for the implementation of sustainable forest management and strengthen scientific and technical cooperation and partnerships

- **Global Forest Goal 5**

Promote governance frameworks to implement sustainable forest management, including through the United Nations forest instrument, and enhance the contribution of forests to the 2030 Agenda for Sustainable Development

- **Global Forest Goal 6**

6 Enhance cooperation, coordination, coherence and synergies on forest-related issues at all levels, including within the United Nations system and across member organizations of the Collaborative Partnership on Forests, as well as across sectors and relevant stakeholders

Forests and the SDGs
